## ASSOCIATION LIABILITY INSURANCE – NOT FOR PROFIT (NFP) OFFERING

### EXCEPTIONAL COVER FOR GREAT VALUE

Insurance is critical for all organisations, including Not-For-Profit (hereafter NFP) organisations.

Although Associations and NFP groups will face many of the same risks as other organisations, their insurance needs are somewhat unique.

At Carson Risk, we understand that every cent is important to you, however it is also important to protect what you have already worked so hard to build.

The correct insurance solution will allow you to spend more time doing your great work, in conjunction with saving you money both in premiums and in the event of a claim.

### ASSOCIATION CATEGORIES

There are many types of associations and groups that can benefit from Associated Liability insurance, including but not limited to the following:

- Clubs & Associations
- Community Organisations
- Disability Support Groups
- Registered Charities
- Cultural Groups
- Animal Welfare Societies
